

Dear Parents,

We at Five Forks Middle School are happy to provide an intramural program for all 6th, 7th, and 8th grade students. The purpose of the program is to develop physical skills and help students learn about team work, sportsmanship, respect for others and development of a good self esteem. This letter is to serve as a permission form and inform parents and students of the rules of the program. Please read these items, complete the form, and return the completed form to Mr. Cheatham.

INTRAMURAL RULES

1. Intramurals is open to all students that complete and turn in the registration form.
2. Intramurals will be held after school from 4:00 until 5:45. Sixth graders will meet on Tuesdays, seventh graders on Wednesday, and eighth graders on Thursday.
3. Participating students should notify / remind parents that they will be staying for intramurals on their designated day so that transportation home can be arranged.
4. **Students must be picked up no later than 6:00 p.m. If a student begins to have a problem with on time transportation, he or she may no longer be allowed to participate.**
5. Intramural participation is a **privilege**, so we expect all participants to exhibit good sportsmanship and obey school rules. If meeting the rules and expectations of the program becomes an issue, a student will not be allowed to participate.
